

1. Click on the words Pages and files
2. Click on New page
3. Give your new page a title (make sure your name is also in the title eg. 'Luke's homework' or 'Nick's writing')
4. Click the create button
5. You must write some text on the new page
6. Click save

To make a link from your own home page to this new page:

1. Go back to your own home page
2. Click edit
3. Write the name of your new page
4. Highlight these words
5. Click the link symbol
6. Click on the words choose existing page or it might say page name
7. Find the name of the new page on the drop down box
8. Click add link
9. Save

Fingers crossed that it works!
